Indianspolis. Ind., Jan 22. — The In Indians surgical institute was borned last night. The flames started just before missinght at the old anner a block separated from the main building by just a sarrow space. Before the fire was discovered the whole interior was ablaze. The institution had about five hundred mastes missed of whom were elipless cripples. When the fire department arrived the windows were full of creaming, meaning cripples and the scene was one of horror beguint bearington. The work of researe was begun at moe with ladders and the immates were emoved with great rapidity, but at least hirry were injured, some terribly. In he confusion and excitement it is almost mossible to get names, but some of the

THOW THE LIBERALS DO IT.

The Liberals with their white headed Federal Leader are getting into a nice kettle of fish, and no unistake. Previous to the last general election, Mr. Leurier promised Mr. Mercier, the Grit Premier of Quebec, that if his party got into power at Ottawa he would Increase the subsidy of the province. And on the principle that one good turn deserves another, Mercier raised a fund to assist his right hower Laurier toget there. Speaking the word Laurier toget there. Speaking the charges now being pressed against Mercier, viz: that if it was shown, and the histoproduced to the boodle raised for the late Federal election, through the Laugloin stationery contract, was taken from the local treasury he would condemn Count Mercier most severely, and devoid urge the reconstruction of the Liberal party ignoring the Count. Nice words these are from a pure minded quotified to the reconstruction of the Liberal party ignoring the Count. Nice words these are from a pure minded patriot. Laurier knows in his heart, that when he made the promise of increased subsidy to Mercier, that the province of Quebec was then getting every dollar it was ontitled to; that if it was given more it was through a fracion the province of Quebec was then getting every dollar it was contilled to; that if it was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was given more it was through a fracion to do with the question before the country was put to heavy expense. Greenway and his friends felt the advisability of first brow being condemned.
